HANOVIA IN WINNING FORM

TAKES THE FEATURE RACE OF THE AFTER NOON AT NEW ORLEANS.

Fair Grounds Track Slow, but Big Attendance Views the Racing-Jockey Butwell Changes His Mind and Rides Today.

New Orleans, La., January 24.—P. M. Civill's Hanovia showed something of her last fall's good Kentucky form when she accounted for this afternoon's feature at the Fair Grounds, a three-quarters handicap. She did not beat much in Father Riley and Washoe Belle, which finished second and third respectively, but her performance was a sparkling one from the fact that she appeared a forlorn hope to the last quarter, then came with a cyclonic rush to dispose of Father Riley. The track had dried considerably, but was still slow. Ideal weather prevailed and this assisted in bringing out a banner Monday crowd. The Palm Garden action was lively, with favorites figuring as the winners in most of the races and causing the price quoters to sustain a big loss.

The principal upset for the public came with Aunt Josic's defeat in the second race. She was heaten easily by Toddling. After the finish F. J. Pons claimed the Schorr filly for \$800.

Col. Ashmeade was sold to E. Cook by J. Johnston and the borse ran in the interest of his new owner this afternoon.

Business Agent has been returned to A. B. Gordon, his former owner, for the price at which Emil Herz secured him out of Saturday's last race.

J. L. Paul has sold Armor to J. M. Singleton.

Jockey Butwell has changed his mind about retiring from the saddle for the winter and will resumeriding tomorrow. He will have the mount on Old Ben.

J. T. Looney is negotiating to take over the contract held by S. Combs on jockey accelan's services.

SEES NEED OF ENCOURAGING BREEDING.

Quartermaster General of United States Army Discusses Horse Needs of the Country.

Washington, D. C., January 24.—There is no more ardent supporter of the doctrine of preparedness in Washington, particularly as it is applied to an adequate supply of the proper type of borses for cavalry and artillery purposes, than Major General J. B. Aleshirc, quartermaster general of the United States army, who has given much thought to the question of horse breeding and who is familiar with conditions governing that industry, not only in the United States, but in foreign countries as well. In discussing the problem, as it applies to the United States, which with an increased army would need many additional horses, and the part the government might be called upon to play in their production, General Aleshire said a few days ago: "I am not prepared at present to say how this work should be prosecuted, but the department of agriculture, whose efforts in that direction have been noteworthy, though hampered by the size of the appropriation at their disposal, should be competent to formulate a plan, especially as there are many civilian authorities anxious to give the government the benefit of their experience and observation, and who could be called upon to serve in an advisory capacity. The results of the experiments in foreign countries have demonstrated the super-eminent qualifications of the thoroughbred sire for this purpose. One difficulty in connection with the problem is the selection of districts in which mares of a proper type to throw cavalry remounts with some degree of certainty could be found, and another is the securing of ranges where the work could go on at a minimum of expense.

"The Indian reservations would seem to be ideal for breeding operations, as there is a variety of range at the disposal of the government free of charge. Some years ago there was a plan to utilize the Standing Rock agency for the purpose, but it fell through, and what work the government has done in breeding horses has been confined to sections in Virginia. Colorado, Vermont and a small area in one or two other states

of the union.

"There is no doubt that while the United States has within its borders many millions of horses at the present time," continued the quartermaster general. "there is a shortage of the type the service demands—a horse that is quick and sure of foot and which has enough pure blood in his veins to make him a stranger to fatigue, capable of enduring long and forced marches on short rations, and not sessing that quality of courage which is a heritage from a long line of ancestors whose worth has been proven in hard fought contests. Foreign nations have been busy with our breeding stock, and the time has come when we should safeguard our future

WHAT A STABLE OF CALIFORNIA-BRED HORSES DID P. SHERIDAN IN 1915

The stable raced last year by P. Sheridan was almost entirely made up of horses bred by A. B. Spreckels in California and fared well in the way of money won. The star of the stable was the excellent sprinter, Back Bay, which won something more than half of the stable's total. The defeats inflicted on Pan Zareta by this fleet horse was one of the marked features of the Canadian racing campaigns of 1914 and 1915. His brother, Rubicon II., was also an immate of the Sheridan stable, but was nothing like the racer his elder brother was. The filly Venetia ran some fast races and with a year's growth may do well in the racing of this year. The record of the stable was:

SPEEDY TWO-YEAR-OLDS WHICH GAVE E. M'BRIDE A PROFITABLE TURF YEAR

Edward McBride only had six horses in his small, but effective, stable last year. Three of the six were two-year-olds and this trio won for him the desirable total of \$17,530, one of them, George Smith, being quite in the year's first flight of horses of his age. Tom Elward and Pesky were outclassed by him, but both could race to good purpose when pitted against youngsters of their own grade. Of his older trio the gelding Squeeler raced well and was a useful money earner. Altogether it was a good year for Mr. McBride and none the less so in that he sold George Smith in the fall for a big sum. The stable record

cavalry remount supply by the retention of good mares which have, for almost two years, been sold at the same figure as our geldings. Statictics show that upward of one million horses and mules have been bought in the United States by agents of Great Britain, France and Italy since the war began. There should be some way to put a stop to the further shipment of the sort of mares which are needed at home. It will be difficult to cope with this situation, but the benefit accruing to such an important industry should make it worth while determining what steps are to be taken in a matter of such importance to the general welfare of the country. Some authorities are in favor of placing an embargo on further shipments of mares and this would assuredly be effective.

"It has been stated that the general purpose horses of twenty years ago were superior to those of today," resumed General Aleshire, "and I can heartily endorse this opinion. I can remember when Kentucky and Missouri produced ideal cavalry remount types. There were Forrests, Denmarks, Black Squirrels and other families with warm blood close up in their pedigrees that were invaluable for our service. Surely there must still be some of that blood in those states and in other portions of the middle west. Colorado has great possibilities as a breeding nursery and Montana has supplied many good horses for army purposes. I have seen at our various stations horses from that region that were unsurpassed. The character of the range seemed to give them great lung power and unusual nerve force. Thoroughbred and standard-bred sires of excellence have been used extensively in Montana, some of the former being of English blood, and they have left their impress in many ways on their descendants, notably in the intelligence displayed in breaking.

"I think the work which is being done in New York by the Jockey Club, through its Breeding Bureau, and by the Kentucky State Racing Commission in Kentucky." said General Aleshire, in conclusion, "should be productive of much goo

calls."

When asked if he did not think that the government's appropriation for horse breeding should be greatly incerased, in view of the expansion of other branches of the service. General Aleshire declared that the situation was sufficiently eloquent to sneak for itself, and that no doubt the matter would have the careful attention of Congress, along with the other elements of preparedness, but instead of the government interesting itself in the actual breeding of horses, he thought this should be done by the farmers along the lines of the plan of the Department of Agriculture.

UNITED HUNTS FINE SPRING PROGRAM.

Amateur racing has increased in popularity so much in the last few years that the United Hunts Racing Association has been tempted to branch out in making its plans for the coming season. The program for the two days' spring meeting on May 13 and 17 at Belmont Park Terminal was issued Friday at New York and contains some startling increases in the amount of added money over the rather modest purses competed for by the hunting set in previous years.

The big event will be the United Hunts Steeplechase, which, with \$3.500 added money, will rival such noted cross-country events as the Whitney Memorial and Harbor Hill Cup contests. A subscription of \$50 is charged and a starting fee of \$100 additional if the entry is made before March 15. or \$200 if made after and before April 15. This, it is estimated, will bring the value to the winner up to \$5.000 if there are thirty entries. The race is a handicap over two miles and a half for four-year-olds and upward, and is calculated to bring the best of the cross-country division to the post.

In all the races not confined to gentlemen riders

Havana, Cuba, January 24.—Cuba is certainly a soft spot for Guy Bedwell. He headed the list of winning owners here last whiter and it is almost a certainty that he will come back and repeat this winter. During the first thirty days of the meeting the Bedwell borses have carned close to \$5,000. and this too, despite the fact that only the second when Bedwell gets them ready they will be hard to beat. Up to date \$73,000 has been distributed among the horsenen and forly-one stables have carned upward of \$500. W. C. Weant has won \$2,202 with Configaration and Zoronster, and E. R. Bryson, with the few horses he has started, has have been useful racers for this young trainer. Hedrick has won \$2,200 and Jim Arthur \$1,875. Other horsemen who have upward of \$1,000 credited them are: A. L. Denny, \$1,875; J. W. Goldblatt, \$1,470; Wrs. I. C. Johnson, \$1,600; E. B. Parsons, \$1,450; W. P. Reid, \$1,450; J. O. Several horses have changed hands within the past few days. G. A. Alexandra disposed of Baby Sister to J. W. Stewart, and James Arthur purchased Tener of Logan Denny. Arthur, by the way, has had some bad luck here. His horses contracted sickness, but the chances are that no effort will be made to get them ready for the early meetings in Maryland.

GENERAL NEWS NOTES OF THE DAY.

President Wilson soon will recommend the enactment of legislation providing for a permanent tariff commission. An administration bill for the creation of such a commission virtually is ready now and may be laid before congress in a special message by the president. The objects of the commission would be to gather data on the tariff and to co-ordinate similar powers now believed to be held by existing government agencies. The legislation is designed particularly to meet conditions that are expected to arise when the war ends.

ENGLISH GRAND PRIX NOMINATIONS.

ENGLISH GRAND PRIX NOMINATIONS.

Twenty-five English entries have been made for this year's Grand Prix de Paris, which there are good grounds for believing will be brought to a decision, though, naturally, no date has yet been fixed. Nearly all the leading English two-year-olds of last year figure amongst the twenty-five candidates from this country, Mr. Hulton having entered Fifinella and Atheling, and Mr. Neumann Figaro and Argos, in addition to Adorno, a son of Spearmint and Siberia, and St. Patrick's Blue, a colt by Desmond—Petit Bleu. Lord D'Abernon's good filly Eos, as well as Lord Derby's Canyon and the Polymelus colt, Phalaris, are also engaged, whilst among others well known to Newmarket visitors last year are Jack Annandale (now the property of Vicomie de Fontaree). Sirian, Roi d'Ecosse, Cannobie, Cretan Swell, Coster Girl filly and Ali Bey. Pomerania, sister to Pommern, is another Grand Prix entry, and although she has yet to make her first appearance in public, it is clear that she is thought something of, otherwise so important a liability would not have been incurred for her.

Mr. W. M. G. Singer has nominated, in addition to the smart Koster Girl filly, two other unnamed ones in the colt by Cicero out of Lily of the Valley and the colt by the St. Leger winner, Challacombe, out of Escalade, both of which are still maident. Lady James Douglas has taken a chance with her Sundridge—Cypress colt, which has only run once—in the Dewhurst Plate—while Mr. F. Hardy's Light o'Dawn, a son- of Roi Herode, has not yet been out. Other "dark" ones are Mr. Hi J. King's Archbishop, by Sir Archibald—Vitula; Sir William Nelson's Despotie, by Desmond—Hackler's Pride; and the Duke of Portland's Tacituru, by William the Third—Silent Lady, while Mr. F. C. NO PRESENT ACTION REGARDING MUTUELS.

New York, January 24.—Edward Burke, manager of the Havre de Grace track, says the question of installing the pari-mutuels for the spring meeting has not been decided. "We cannot do anything in the matter," said he, "until after the Maryland legislature adjourns."

Sandy McNaughton has been fortunate with his string of fifteen horses this winter, "They are all doing finely," says he, "and though they were in the midst of the influenza zone at Gravesend they escaped the disease."
